Falun Dafa has improved the morality of millions of people and has enabled them to become healthy and happy. It has drawn more and more attention and understanding among people from all walks of life. It has become widely accepted and supported around the world. Prior to July 1999, the Chinese government had recognized and awarded Falun Dafa and its founder, Mr. Li Hongzhi, on several occasions and had also recommended the practice to the public because of the health benefits, which helped reduce national healthcare costs. On December 27, 1993, the China People's Hero Foundation, a foundation affiliated with the Public Security Bureau, awarded Mr. Li a special honor. At the Beijing Oriental Health Expo in 1993, Mr. Li Hongzhi won the highest award of the Expo – "The Award for Advancing Frontier Science" and also the "Special Golden Award." Mr. Li Hongzhi was also honored with the title of "The Qigong Master Most Acclaimed by the Masses."

Overseas, Mr. Li Hongzhi has received official recognition in many countries. In North America alone, Falun Dafa and Mr. Li Hongzhi have received over 600 individual proclamations. As the Mayor of Houston, Texas, wrote in his proclamation:

"Falun Dafa transcends cultural and racial boundaries. It resonates the universal truth to every corner of the earth and bridges the gap between east and west. Mr. Li has worked tirelessly

to convey Falun Dafa from China to the rest of the world. Along the way, he has touched the lives of countless people in many countries, earning an acclaimed international reputation."
